Portfolio Assignment Summary

Directions: Create a webpage that shows off what you learned in CIS105. Your web page should include the following elements:

1. Structure tags (html, head, body)
2. A title (Appears in the title bar above the page window)
3. A headline (Appears on the page)
4. A background color
5. A paragraph about what you learned in CIS105. (Minimum 4-5 sentences long)
6. An image that uses size, border, alignment and alt attributes. (If it's not an original image or clip art, you must cite your source. Google is not a source.)
7. A numbered or un-numbered list consisting of links to files you created in class:
   a. One PowerPoint file
   b. One Word file
   c. One Excel file
   d. One Access file
8. A link to one of your favorite web sites.
9. A disclaimer paragraph using the following text:
   This site is authored and maintained by "Your Name". It is not an official website of the Maricopa County Community College District, and Maricopa is not responsible for the content of this site.
10. Zip all of the files into a single folder and submit in Canvas.
